Work Experience

Rise and Shine Tutoring

September 2022 - April 2024

Tutor

- Communicated with clients to set up appointments with their students
- Students ranged from middle school to high school
- Taught college-level Python, high school calculus, English, and history

iDTech

May 2022 – July 2023

Lead Instructor

- Served as leader for other instructors, leading orientation and providing general guidance on how to run a classroom
- Planned fun, creative weekly themes for both instructors and students to enjoy
- Was responsible for distribution of medication, supervision of allergies, and the medical log
- Ran my own classrooms of up to ten in which students ranged from ages 7-17
- Taught game development with Unreal Engine, Lua, Java, JavaScript, and Python, as well as video production with Adobe Suite

Projects and Research

Personal Portfolio

December 2023

Designer and Video Producer

GitHub link: <https://github.com/zerrudop/portfolio>

- Technologies used: HTML, CSS, Photoshop, and Movavi Video Editor
- Independently designed and developed over four weeks
- Serves as both a portfolio and a personal expression

The Collection of Metadata: An Ethical Study

August 2023

Researcher

- Studied lawsuits and past research in order to define the collection of biometric data, its current standards and practices, and whether or not it was ethical
- Discussed potential next courses of action in combatting unethical data collection as well as recommendations for future research to improve consumer protection

Education

Michigan State University, 2020-2024

Bachelor of Information Science in Communication Arts and Sciences with a minor in German
Major GPA – 3.8/4.0
